- 4.2. We will:
 - a. log Your call and issue a unique call reference number;

 - c. tell You what We will do in response to the reported fault, Unplanned Interruption or Emergency;
 - d. where necessary, arrange for Our engineer to visit the Supply Address; and
 - e. tell You if the reported fault, Unplanned Interruption or Emergency relates to a matter which is outside the scope of Our responsibility under this agreement and, if that is the case and where We are able to do so, tell You who You should contact regarding the reported fault or Unplanned Interruption or Emergency.
- 4.3. Where, as a result of a request from You in accordance with **clause 4.1(Reporting faults)**, We agree to visit the Supply Address to investigate any problem with the Heat Supply, We will offer an appointment within 4 (four) hours in the case of Emergencies and 24 (twenty four) hours in the case of non-Emergencies, or such other timeframe as is reasonable in the circumstances provided, however, that We shall not be liable for any failure to do so in the circumstances set out in **clause 3.3 (Where We are not responsible)**.

5. Meters & Supply Equipment

- 5.1. This agreement does not give You any ownership of any Supply Equipment, except the HIU. You will not interfere with, damage or attempt to remove any part of the Supply Equipment.
- 5.2. We shall aim to inspect the Meter and the Heat Interface Unit in accordance with any manufacturer instructions received on supply, and at least once every 24 (twenty four) months.
- 5.3. You must tell Us as soon as possible if You believe any Meter or Heat Interface Unit is damaged destroyed or defective or if anyone other than Us or Our agents, representatives or contractors interferes with or removes any Meter or Heat Interface Unit.
- 5.4. You are responsible for any damage (including damage caused by misuse or vandalism but not any damage due to fair wear and tear) to the Supply Equipment and any damage caused by failure or refusal to grant access to the Supply Address in accordance with **clause 8 (Access)**, except in either case where:
 - a. damage is caused by an act or omission by Us or Our agents, representatives or contractors; or
 - b. damage is caused by a problem with Your Heat Supply.
- 5.5. We have the right to charge You in respect of any damage for which You are responsible, including the cost of any associated repair or replacement of any of the Supply Equipment (or any other

Heat Supply Agreement for a residential unit (private housing)

equipment outside of the Supply Address) which is Our responsibility to maintain and where repair or replacement is required as a result of damage caused by You. Our rights under this clause are in addition to any other right or remedy We may have under or in connection with this agreement.

- 5.6. We will maintain and repair Your HIU (including in accordance with any manufacturer instructions received on supply). If replacement is required, We will replace Your HIU at Your cost. We will only be responsible for the cost of replacing Your HIU if the need for replacement arises because We have failed properly to maintain Your HIU or because We have damaged it such that it requires replacement. When You bought Your home, You should have received a warranty in respect of Your HIU. If Your HIU fails and requires replacement within the period covered by the warranty, Your HIU provider should either replace Your HIU for You or reimburse the cost of Us doing so. After Your warranty has expired, You will be responsible for the cost of replacing Your HIU if it fails and requires replacement.

6. Heat Bill Customers

- 6.1. All payments of Charges must be made by monthly variable direct debit unless We agree a different means of payment (which may incur an additional handling charge).
- 6.2. We may from time to time select a third party to act on our behalf in providing billing services for Your Heat Supply.
- 6.3. We will send You, or arrange for You to be sent, a monthly Bill for the Charges payable by You. Your Bill will indicate:
- the billing date (if it is necessary to change the billing date, We shall aim to give you 31 (thirty one) days' prior written notice of the new billing date);
 - the billing period;
 - the amount due for payment;
 - the due date for payment, which shall be 14 (fourteen) days from the billing date;
 - alternative ways in which You can pay Your Bill;
 - the balance of Your account;
 - details of all Charges making up Your Bill; and
 - details of how to contact Us.
- 6.4. You will accept as accurate all Meter readings taken by Us or allow Us to use estimated Meter readings unless there is an obvious error or a Meter is obviously defective.
- 6.5. If We find that a Meter is defective, We will adjust the Charges to take into account any error or inaccuracy in the Meter reading. We may adjust an incorrect Meter reading based on Our reasonable estimate of the amount of Heat Supply used by You.
- 6.6. If Meter readings are not available, We shall send You a monthly Bill for the Charges based on an estimate of Your consumption of Heat Supply. We will reconcile any estimate of Heat Supply used by You against actual Meter(s) readings when We next read Your Meter(s) and may adjust the amount of the Charges accordingly.
- 6.7. We will endeavour to minimise the number of estimated Bills.
- 6.8. If We agree to accept payment other than by variable direct debit or Your direct debit mandate is not honoured by Your bank for any reason, You must pay Us the amount due as shown on Your Bill within 14 (fourteen) days of the date of Your Bill. In such circumstances, We may levy a reasonable additional administration charge as set out in **Schedule 1 (Charges)**.
- 6.9. Where payment of Your Bill is made by monthly variable direct debit, We will aim to ensure that the direct debit payments to be made by You are set at a level to cover the annual anticipated Charges. We will review Your account at least annually to ensure Your payments are sufficient to cover Your Heat Supply usage.
- 6.10. Where You do not pay Your Bill within 14 (fourteen) days of the date of Your Bill, We will send a Late Payment Reminder Letter prior to sending a Final Demand Letter. Each letter will state the

Heat Supply Agreement for a residential unit (private housing)

amount owed by You, the deadline by which You must pay the amount due and the actions that may be taken if the amount due is not paid.

- 6.11. If You do not pay any Charges due, as shown in the Final Demand Letter, on time, We reserve the right to charge interest on the unpaid amount at the rate of 4% (four percent) per year above the Bank of England base lending rate, in force at the time effective from the date of the Late Payment Reminder Letter. Interest charges are in addition to any other rights We have due to Your failure to pay or to make payments on time.
- 6.12. If at any time the total amount of payments You have made is less than the Charges incurred to date:
 - a. We may require You to pay the difference to Us within 14 (fourteen) days of the date of Our invoice; or
 - b. We may increase the amount debited from Your bank account so that We recover the difference over a period reasonably acceptable to Us.
- 6.13. We aim to process refunds of any money owed to You within 10 (ten) days or should You agree, We may set-off the relevant amount against Your future Bills.
- 6.14. In certain circumstances, We may issue a back-Bill to You where You have not been correctly charged for the Heat Supply. We shall not issue a back-Bill or otherwise seek payment for Heat Supply supplied but not billed where more than 1 (one) year has passed since the end of the period of Heat Supply in question and We were at fault.
- 6.15. We will aim to issue You with an Annual Statement indicating:
 - a. the statement date;
 - b. the statement period;
 - c. the total amount We charged over the statement period;
 - d. the Charges, including the Variable Charge, Standing Charge and VAT; and
 - e. the amount of Heat Supply consumed by You during the statement period.
- 6.16. We will issue Your Bill and Annual Statement either in electronic format via email or, if You so request, as a paper version by post. You will also be able to access Your Bill via Our website at www.core.nwcambridge.co.uk provided You have registered with Us to do so. You can request that Your Bill is issued in enlarged print, in braille or in an audio version. Should You require additional copies of Your Bill or Annual Statement, We will charge You £5 (five pounds) for each additional copy You require.

 - 8.4. Subject to **clause 9.1(Suspension of Heat Supply)**, You agree to give Us safe and uninterrupted access to the Supply Address and the Supply Equipment during normal working hours (and also where We agree to attend the Supply Address at Your request outside of normal working hours):

- 9.2. Following any Final Demand Letter, We may send You at least one further notice warning You that the Heat Supply could be suspended or cut off because You have not paid the Charges in full. After having sent You such a further warning notice, if You have still not paid the Charges in full, We may suspend or cut off Your Heat Supply on giving at least 14 (fourteen) days' notice of Our intention to do so.
- 9.3. We may levy a reasonable charge, as set out in **Schedule 1 (Charges)**, in respect of the disconnection and for the reconnection of the Heat Supply.
- 9.4. The Heat Supply will be reconnected within 24 (twenty four) hours, once You have paid all Charges, including the disconnection and reconnection charges, in full.
